- 128 credits are required to graduate. These credits include: University Compulsory courses – 28 credits; College/Program Compulsory courses – 53 credits; Program Compulsory Elective courses – 27 credits; Degree Elective Courses – 47 credits or more. The 22 credits from General Education Courses can be replaced by credits from Mandarin Courses. The above is implemented according to “Regulations for General Education Courses” beginning with Class 2023. Note: The 9 credits that are offered by any departments of CHU other than by “Bachelor Program in Applied Foreign Languages and Smart Commerce” can be acknowledged by this program.
- Python certificate is the graduation threshold in order to graduate from this program. Those who do not have the certificate before graduation need to take and complete a 3-credit course titled “Advanced Program Design”.
- “Graduation Project I and Graduation Project II are compulsory courses for Innovation and Creativity Center.
- In order to graduate, students are to fulfill the following requirements: (1) “CHU Regulations for Basic Competence Indicators”; (2) “CHU Regulations for Basic Competence Indicators for College of Humanities and Social Sciences”; (3) “CHU Regulations for Basic Competence Indicators for Bachelor Program in Applied Foreign Languages and Smart Commerce”, please see program webpage for details.
- Freshman students are to take and complete “Inter-college Micro Courses” in order to understand and experience the characteristics and focuses of each college and therefore to do interdisciplinary studies.
